

## CZECH REPUBLIC & PRAGUE

## TECHNICAL SESSIONS

Those wishing to become acquainted with some of the most beautiful places in Europe should not miss the Czech Republic, an attractive country situated in its very heart. The Czech Republic has much to offer to its visitors, especially thanks to the wealth, diversity and accessibility of cultural, historical and natural places of interest, which are all concentrated in a relatively small area that boasts high quality accommodation and dining facilities.

Prague, the capital of the Czech Republic, is a beautiful city rich in history and architecture. It has been at the centre of Europe since the middle ages and at the crossroads of culture and trade. The foundation of the Charles University in 1348 identified it as a city of education and learning. Prague has since become the business, cultural, political and scientific heart of the Czech republic. Its attraction as a tourist destination is very much due to its architectural heritage, and visitors warm to the terms "the golden city" or "the city of a hundred spires".

- ▶ Audio and Acoustic Signal Processing
- ▶ Bio Imaging and Signal Processing
- ▶ Design and Implementation of Signal Processing Systems
- ▶ Image, Video, and Multidimensional Signal Processing
- ▶ Industry Technology Tracks
- ▶ Information Forensics and Security
- ▶ Machine Learning for Signal Processing
- ▶ Multimedia Signal Processing
- ▶ Sensor Array and Multichannel Systems
- ▶ Signal Processing Education
- ▶ Signal Processing for Communications and Networking
- ▶ Signal Processing Theory and Methods
- ▶ Speech Processing
- ▶ Spoken Language Processing

#### General Chairs

- ▶ Petr Tichavský  
*Institute of Information Theory and Automation, Prague, Czech Republic*
- ▶ Jan Černocký  
*Brno University of Technology, Czech Republic*
- ▶ Aleš Procházka  
*Institute of Chemical Technology, Prague, Czech Republic*

#### Technical Program Chairs

- ▶ Jonathon A. Chambers  
*Loughborough University, UK*
- ▶ Alle-Jan van der Veen  
*Delft Univ. of Technology, Delft, Netherlands*

#### Finance Chair

- ▶ Lenka Lhotská  
*Czech Technical University, Prague, Czech Republic*

#### Plenary Sessions

- ▶ Pierre Moulin  
*University of Illinois at Urbana Champaign, U.S.A.*
- ▶ Hynek Heřmanský  
*The Johns Hopkins University Baltimore, U.S.A*  
*Brno University of Technology, Czech Republic*

#### Tutorials

- ▶ Yonina C. Eldar  
*Technion, Haifa, Israel*
- ▶ Nicos D. Sidiropoulos  
*Technical University of Crete, Greece*

#### Special Sessions

- ▶ Mihaela van der Schar  
*University of California in Los Angeles, U.S.A.*
- ▶ Isabel Trancoso  
*INESC ID / IST, Portugal*

#### Show & Tell and Trends

- ▶ Erik G. Larsson  
*Linköping University, Sweden*
- ▶ Jose C. Principe  
*University of Florida, Gainesville, U.S.A.*

#### Exhibits Chair

- ▶ Jennifer Trelewicz  
*Mail.Ru, Moscow, Russian Federation*

#### Technical Program Members

- ▶ Anthony G. Constantinides  
*Imperial College, London, UK*
- ▶ Peter J.W. Rayner  
*Cambridge University, Cambridge, UK*

#### Publicity

- ▶ Patrick A. Naylor  
*Imperial College, London, UK*

#### Publications:

- ▶ Jiří Jan  
*Brno University of Technology, Brno, Czech Republic*
- ▶ Robert Vích  
*Institute of Photonics and Electronics, Prague, Czech Republic*

ICASSP

May 22–27, 2011  
Prague  
Czech Republic

The 36<sup>th</sup> International Conference on Acoustics, Speech, and Signal Processing (ICASSP) will be held in Prague, Czech Republic, May 22–27, 2011.

The ICASSP meeting is the world's largest and most comprehensive technical conference focused on signal processing and its applications. The conference will feature world-class speakers, tutorials, exhibits, and over 50 lecture and poster sessions.
